What expenses are not covered in the club fees?

ST7 will NOT pay the travel expenses for athletes. Hotels are also the responsibilities of the parents/legal guardians. Transportation to all practices and competitions is the responsibility of the athletes and their parents/legal guardians. The athlete's annual membership with AAU and USAV is not paid by ST7. The AAU annual membership costs approximately \$14 and the USAV annual membership costs approximately \$55. Completing membership applications and paying this fee is the responsibility of the athletes and their parents/legal guardians. Membership information will be sent after tryouts to athletes who are placed on a team. They will not need a membership to try out.

How do I know which club fee package applies to my athlete?

Packages are assigned to each team based on their competitive level, which is determined by the coaches and club director at tryouts. The assigned package will be communicated with athletes and family members prior to the commitment deadline. This information, along with team placement, will be published on our website 24 hours after tryouts.

How does ST7 integrate with SportsRecruits?

ST7 hosts a recruiting workshop for all athletes 15U - 18U. In this interactive workshop, our director and recruiting coordinator walk athletes through the recruiting process and help our athletes get started building their SportsRecruits profiles. Throughout the season, our recruiting coordinator will share recruiting updates, SportsRecruits stats, and set recruiting challenges for our ST7 athletes. ST7 athletes can set up time to spend one-on-one with our recruiting coordinator to help them using any part of the SportsRecruits platform. From time to time, teams workshop with our recruiting coordinator and their coach to send out emails, research schools, and discuss various recruiting topics.
